Mr. Chan continued, "While we take pride in the significant progress we've made, our enthusiasm is even greater when considering the growth opportunities that lie ahead. Our competitive advantage, coupled with an expanding portfolio of advanced security solutions and services, a track record, and sophisticated customers, positions us strategically. We believe that we are poised to broaden our market presence and expedite growth by supporting customers in additional markets in the Asia-Pacific region and beyond. The increase is in line with the increase in revenues.

Capital expenditures were HK\$1.4 million (US\$180,000) for the fiscal year ended September 30, 2023, compared to HK\$2.3 million (US\$294,000) for the fiscal year ended September 30, 2022, which primarily related to the acquisition of equipment, and computer software to meet expected business growth.
